We understand that residents travel for extended periods of time, leaving their condo unit empty. On a *monthly* basis, a member of our staff will check your unit to ensure no leaks occurred during your absence. During our visit, we will flush the toilets to ensure the water doesn't evaporate, allowing gas vapors to escape, run the faucets for the same reason and just do a quick overall check to ensure no leaks have occurred from a neighboring unit.

This is ***completely voluntary*** and a service we provide for your peace of mind. If you are interested, please complete the attached form, and send it to the office in advance of your time away.
