### **MEMORANDUM**

To: All Residents  
From: Terri F. May, AMS® -- ASSOCIATION MANAGER  
Subj: **REDECORATING PROJECT – 12<sup>th</sup> FLOOR & 11<sup>TH</sup> FLOOR**  
Date: October 17, 2022

---

WS Cumby is off to a really good start on the redecorating project. Carpet removal went better than expected and they can start removal of the carpeting beginning on the **11<sup>th</sup> on Tuesday, October 18!**

As the work progresses, Cumby will most likely be working on multiple floors at a time by either removing carpeting, chair rail or lighting. Notices won't always be practical, so please bear with us as we all adjust to the project if small items are undertaken without specific notice.

When they move from one floor to the next for large scale demo and installations of new materials, including painting, notices will be posted and/or updated as information becomes available.

Please note that while the work is taking place, there will be noise, debris, dust, and odors associated with the renovation. This will occur not just on the floor where the work is taking place but other floors as well since noise does travel throughout the building. We ask that everyone exercises caution when in a construction zone, which will extend over many floors and over many months.

We will need volunteers when it comes time to paint the individual unit doors, as the doors will need to remain open until the paint dries. More details on this will be sent out once we have a better understanding of the timing of this portion of the project.

Any questions, please do not hesitate to contact the Management Office at 610-544-6000
