MEMORANDUM

To: All Residents
From: Terri F. May, AMS® -- ASSOCIATION MANAGER
Subj: **HARVARD PARKING LOT PAVING PROJECT**
Date: December 2, 2022

Unitex Paving is working hard to complete the Harvard paving project as quickly as possible. Unfortunately, due to the weather delay this week, the project will not be completed today as was originally planned.

They will open the Harvard parking lot at the **end of the day today** after they complete the installation of the level base coat. They will need to come back next week to install the topcoat and once the topcoat cures, they can stripe the lines on the parking lot.

Unfortunately, due to the forecast for next week, they are not able to provide an exact date. We will have more information on **Monday, December 5** and will advise everyone when the lot will need to be closed for the work to be completed and vehicles will need to vacate the lot.

In the meantime, residents and guests will be able to park in the Harvard lot, though the parking spaces will not be striped, so you will need to use caution and good judgment when parking.

We thank you for your continued support and patience during this project.

Any questions, please do not hesitate to contact the Management Office at 610-544-6000
